

Summer of Fun Application Form

We are really looking forward to bringing the summer fun (safely) back to our centres across the City this year. We want to support everybody to get active and enjoy their summer so we have identified several opportunities within our summer sports coaching programmes that we would like to offer to children from families living on low incomes.

If you are a parent or guardian who is living on a low income and would like your child to have the opportunity to take part in fun, engaging and exciting sports this summer, we've got it covered.

We would like parents to submit their information using the form below – we can offer spaces within our Swimming, Gymnastics and Tennis programmes at no cost to the family applying.

The coaching programmes take place in a variety of venues across the city, at various dates, with some one-day sessions and some full week activity programmes

Families who are eligible for the programme include children who receive school uniform and meal grants, care experienced children, young carers, children whose families are in receipt of Universal Credit and children supported by a child's plan.

Please submit one form for each child you would like to be considered for these opportunities.

Please use the tick boxes to indicate all the opportunities that you are interested in attending – we will do our best to allocate the opportunities equally to all families that have applied by the deadline of Sunday 4th July 2021.

Please note that we have limited spaces to allocate for each opportunity and it is very unlikely that you will receive all the spaces that you request.

If you are willing to be flexible on dates and want to increase your chances of being allocated a space, please tick as many sessions as you are able to attend.
