D of E Expedition	17		x

Next Steps -

A letter will go out to parents giving information and with the link for you to make your choices.

You will make 3 choices in order of preference for each day. We will try to ensure you get one of these for each day.

You must make your choices with your parents' permission as they must agree to make the payment should you be granted a place on your chosen activity.

Choices are to be made by Friday 20th January.

First payment will be made in February.

Would you like help to sign up to receive your free bus pass?

We have representatives from the local library coming into school on 17th January from 4.30 - 5.30pm to our parent coffee evening. We are aware that completing these applications is not always simple so we hope and this will be an effective way to ensure as many of our young people have access to free bus travel as possible.

Please bring a device that you can take a picture of your child on (your phone or their phone will do) if you have one. Under 16s will need an adult with them and over 16s can apply themselves. Applications will then be processed and passes posted out.
