Health, Wellbeing & Social Sciences	Health, Education and Wellbeing	Introduction to Culture & Cities	12 per campus	N/A	SENIOR PHASE PUPILS These courses are for pupils thinking about coming to college after they leave school and who have a barrier to learning or require learning support at school. The aim is to give pupils a positive transition experience and to assess their suitability for a course at college. A broad range of practical and classroom based subject areas is covered. The programme is a development of the college environment, the topics they would be based on are full-time courses as a general guide of subjects. Courses are taught in a supported learning environment. Pupils will work as part of a group and learn ways of engaging with other people, while developing their own individual skills.	A typical programme will include: • Social skills • Teamworking and group work • Learning and study techniques • Improving your digital skills • Health & Wellbeing • Learning about diversity & international issues • Photography • Self-reflection	No formal qualifications required. Pupils who attend these courses typically come from education or a mainstream school where they receive some form of support. When students receive more support school will be required to provide this during college activities. Additionally, transport to and from college must be arranged by the school in advance.	On completion pupils are assessed for suitability for progression into the Access to Continuing Education dept or to full-time college courses.	Tuesday and Thursday afternoons	12 Weeks	Sighthill Campus or Milton Road Campus	N/A	
Health, Wellbeing & Social Sciences	Health, Education and Wellbeing	Health Theory and Approaches to Youth Work	25	6	National Progression Award (NPA)	Working with Communities: Youth Work Youth Work: Engaging with Young People	Issues in Youth Work Applicants that have achieved National 5 English / SCQF level 5 Communication Experience at school with a course grade available for progression into the course.	SCQF in Youth or Community Development Work SCQF in Youth Work	HNCC	Tuesday and Thursday afternoons	1 Year	Granton Campus	N/A
Health, Wellbeing & Social Sciences	Social Sciences and Integrated Curriculum Services	Psychology (National 5)	20 per campus	5	National 5	National 5 Psychology course will develop your understanding of psychological explanations for human behaviour. You will explore the fascinating topics of sleep and dreams - why do humans spend 1/3 of their lives sleeping, what happens to the brain and body when we are asleep, do dreams have meaning, why do adolescents tend to be wide awake late at night but tired in the morning. In addition, you will investigate how the environment can influence the way in which we behave and think. We often discuss our behaviour and emotions in relation to other people, often in connection with research to come up with advice, individual skills.	Individual Behaviour (which includes sleep and dreams) Applicants will be required to submit a completed personal statement highlighting suitability for the course as part of the application process.	HNCC English, Nat History, DRM Art Geography, DRM Modern Studies. Applicants will be required to submit a completed personal statement highlighting suitability for the course as part of the application process.	HNCC Psychology	Tuesday and Thursday afternoons	1 Year	Sighthill and Milton Road Campus Blended Learning (5 afternoons in college and 5 afternoons online)	N/A
